Dear Parent/Carer

## Weather Update

Goodness, the weather has suddenly changed and we find ourselves now thinking about snow! Hopefully, we will not find ourselves having to close school due to snow at all this winter, but it is best to be prepared. As such, I have attached the local authority information for parents and carers.

Our process is, that once a risk assessment has been carried out to determine if the school is safe to open (there are many things I am required to consider in making this decision), if it is felt unsafe to open parents and carers will **receive a text** and we will also **place a notice on our website** to say there is a school closure.

I also inform the Local Authority who then arrange for the information to go on their website. If we find ourselves having to close school due to snow and the children are already busy at school then we will follow the same process.

We do ask that parents/carers don't call us to ask as this blocks the phone line for emergencies. Fingers crossed if it does snow it is at the weekend or when we break up!

Many thanks and take care.

Miss Furnish  
(Head Teacher)
