Learning together for a better future

Dear Parent/Carer

Today, rather unexpectedly, the fire bell went off at lunch time. Rest assured there was not a fire. I felt it important to mention it in case the children came home talking about it. I would like to congratulate the children and staff on their responses to the bell. Children stopped and immediately moved to their lines for roll call. Some children even had to leave their lunch and exit the building, which they did calmly and quickly. Fire drills are an important part of school life as they help us to be ready for the unexpected and sometimes, we have to do this at the most inconvenient time. as you never know when an emergency might happen. Well done to everyone for being so calm and safe.

I wish you all a relaxing weekend.

Take care.

Lost and Found

The lost and found will be held in the hall on Monday the 10th Feb.

Text with the time to be sent on Monday.

We have a lot of lost uniforms, coats etc to be collected. If you know you have something lost, please come and look.

Items not reclaimed on Monday will be sent to recycling.

Thank you!

Team 1 & 2

This half term our unit of learning is geography, and we are learning about where we live. We carried out some fieldwork, looking at our local area. We did a survey to find out how many people use cars, buses, bikes and how many people walk. We learnt that riding bikes, scooters or walking is much better for the environment and healthier for us too. We are going to make posters to encourage people to look after our planet and travel around our local area by bike, scooter or by walking.

Team 3 & 4

This week, Year 3 have been designing and creating packaging for a London souvenir. We looked at examples of packaging to think about what kinds of shapes we could have, then chose what shape we wanted and made our design.

Finally we then made them.

In science, we set up a simple circuit to check the bulb lit up. We then replaced the battery with different fruits (oranges, bananas, lemons, avocados and apples) to test whether the bulb still lit up. We discovered that a lemon can act as a battery due to their juice containing citric acid which works like the paste in a battery (these are called electrolytes).

Name: Harlo P

Chosen by Gwithian for showing champion movements in gymnastics this half term!

A huge well done to Roskear's Year 4 Girls Football Team.

The girls travelled to Pool Academy to participate in the Crofty Tournament last week.

Not only did they represent the school in a GOLDEN manner but, they also performed fantastically.

The team finished the competition in third place - receiving bronze medals! We could not be prouder of the children involved and look forward to their next fixture!

**Congratulations to the following
pupils who achieved
