

Hand in Hand

Learning together for a better future

Friday 21st March 2025

Dear Parent/Carer,

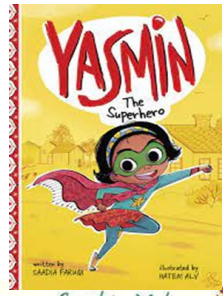

This week has been another week where the children and staff have amazed me yet again. The children have shown themselves to be focused on the learning and our team always have the highest of expectations of the children. I have seen some super writing, where children have shown themselves to be tenacious and give it all they've got. Well done.

I would also like to thank all parents and carers for their help in making our Roskear welcome so successful. It has great to see the staff meeting and greeting the children each morning, showing them that they are valued and a part of the Roskear family.

Finally, I wish you all a wonderful weekend. Thank you for your continued trust and support.

Lost PE Hoodie

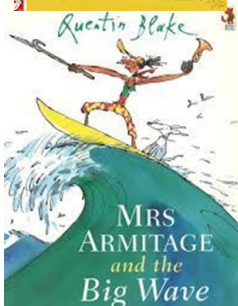

Please could parents keep a look out for a black PE hoodie with the name Ross embroidered underneath the school logo and return it to school. Ross has misplaced it and we have been unable to find it in school. Thank you.

KS1 Book Of The Week: **Yasmin the Superhero**

Author: **Saadia Faruqi** AR Level: 2.4

Super Yasmin is on the lookout to use her superpowers. However, she finds only neighbours who need a little help.

KS2 Book Of The Week: **Mrs Armitage and the Big Wave**

Author: **Quentin Blake** No AR quiz

Mrs Armitage arrives on the beach with her surfboard and her faithful dog Breakspear, and paddles out to sea to wait for the Big Wave. But, of course, Mrs Armitage can't be satisfied with just an ordinary surfboard and she is soon adding a hilarious variety of gadgets and contraptions. And when the Big Wave finally arrives, Mrs Armitage certainly surfs with style!

Team EYFS

This week the Pre-School children have been looking at landforms from around the world. They have balanced across lava from the volcano, made unifix pyramids and explored the sand from the desert.

Team 1 & 2

Last week, Gwithian class took part in an exciting and hands-on science activity where we explored textures and materials. The children had a lot of fun as we ventured out onto the school playground, each with a rocket template in hand.

The goal was for each child to find a material that might match what they think a space rocket could be made of. As they explored, they were encouraged to shout out when they found something they wanted to investigate further.

When they found a material, they placed their rocket template on it and described what the texture felt like. For example, if a child found something too bumpy or rough, they would say, "That's not my rocket, it's too bumpy." Some of the children made amazing discoveries, like finding a shiny metal pipe or a smooth plastic surface, which reminded them of the surface of a real space rocket.

Overall, the activity was a wonderful opportunity for the children to explore the world around them, use descriptive language, and think creatively about the materials that make up a rocket. I am so proud of how well they took part, and I look forward to more exciting activities like this in the future!

Team 3 & 4

During religious education, Falmouth Class thought about how Jesus lived a perfect life in order to please God and give salvation to all Christians. They considered the selfless deeds he did and then discussed what they could do to help others around them. They wrote their ideas on leaves to create a class 'salvation' tree.
