Dear Parent/Carer

I would like to start by wishing you a Happy New Year. What a week of weather we have had! It was lovely to be able to get the children out in the snow at the start of the week. It was heart warming seeing them make mini snowmen and giggle with their friends.

I would like to thank you for your support in collecting your child early yesterday. I know many of our homes took quite a battering last night, but I hope you stayed safe. We still have several parents who have not set up their Arbor app and as such they will not receive important messages from school. If you have not done so yet, please do get this set up as in the event of an emergency this is how we communicate. We no longer send texts and, in an emergency, we cannot phone parents/carers as messages need to get out quickly. If you need help setting the app up, please come and see the staff in the office and they will be very happy to help.

Finally I wish you all a quieter weekend than the week we have all had .

Team EYFS

The children in Reception have begun an exciting new unit of learning titled "What can you see in the sky?" They have been exploring planets and now know that we live on planet Earth.

As part of their learning, the children designed and named their own rockets and used their imaginations to think about what they would need to take with them if they travelled to space.

This unit has sparked lots of curiosity, creativity, and wonderful discussions about the world beyond our sky.

Happy New Year from Coverack Class!

We've started the term off brilliantly, and all the children have settled back in well.

In English, we have been learning the story 'The Cobbler of Krakow and Smok and the Dragon', where Smok terrorises a town... we are sure the children can fill you in about what happens and whether Smok is defeated!

Here are some pictures of story maps the children have drawn to help them internalise the story. They have worked really hard on these. Well done Coverack class!

What makes some people and places in Cornwall sacred?

We started our RE unit on Cornwall in Year 2 this week. We looked at the words 'sacred' and 'holy', and discovered sacred and holy places in Cornwall.

Over this half term, we will be learning about Cornwall Saints and why we celebrate St Piran's day.

The children investigated the size of each of the eight planets this week.

First, we named the planets and discussed what was different and similar between them. We thought about ways to remember the planets and the children created their own mnemonic to aid them.

Then we used salt dough to create the planets in the correct size proportional to each other.

Next Thursday (January 15th) all KS1 children will be given a free school lunch. They can still bring in a packed lunch from home if they wish but they will be encouraged to try something from the kitchen too. Thank-you.

They will be able to choose from one of the following: Fish and chips, Veggie fingers and chips, tomato pasta, ham wrap, cheese sandwich or a jacket potato with accompanying vegetables or salad, plus a dessert. Please see the menu on page 7 for more details.

Please drive slowly/safely in the car park

It has been drawn to our attention that a parent with children and a pushchair were narrowly missed by a car driving too fast.

Please can we remind everyone to drive slowly/safely when using the car park.

Thank you for your understanding.
